The image shows a software interface for upgrading a device. It has a title bar with the text "正在升级软件.....". Below the title bar is a blue progress bar. The interface is divided into three main sections: "BOOT Download", "User Program", and "ID". The "BOOT Download" section contains a text input field and two buttons: "Open BOOT File" and "Down BOOT File". The "User Program" section contains a text input field with the path "C:\Users\Administrator\Desktop\MD-380\Upgraded software for sca", another empty text input field below it, and three buttons: "Open Update File", "Open Code File", and "Download Update File". The "ID" section contains a text input field and three buttons: "Open ID File", "Read ID", and "Active ID". Below each of these three buttons is a small, empty text input field.
